## About Us:

ISATL is a privately owned, independent off dock based in Chattogram, Bangladesh .An initiative of Summit Group, Alliance Holdings Limited and Ispahani Group, Ispahani Summit Alliance Terminals Limited (ISATL) was incorporated in The Registrar of Joint Stock Companies & Firms as a Public company under the Companies Act, 1994 on June 25, 2009. As an off-dock ISATL started its journey back in 2017 with the operation of Gildan DC (a Canadian Manufacturer of Branded Clothing). ISATL obtained license for handling Export and Empty containers on 4th July 2018 when Maersk has started their operation at ISATL. Full license for handling Import, Export and Empty obtained on 20th October 2019. This off-dock is geographically located at a very convenient location where it provides easy access for vehicles carrying RMG goods from Dhaka and at the same time container leaving the off-dock can be transported to port via Chittagong port access road (CPAR) within a short time as ISATL is located very close to the CPAR.The company has bonded depot on approx. 31 acre freehold land in North Kattali, located 8 km away from the multipurpose container vessel berths of Chittagong Port, with facilities to provide both ICD and CFS services.
